Get more from your Memmert device – with connected monitoring

SAVE 1.000 €

Combine your new Memmert device* with myChamber and take process security to the next level. Benefit from precise and reliable conditions for your application while keeping full visibility of your device and processes. Monitor critical parameters remotely, receive proactive alerts when action is required and access relevant data whenever you need it. From daily operation to long-term monitoring, Memmert devices and the myChamber App work seamlessly together to give you greater transparency, control and peace of mind – wherever you are.

Reliable conditions. Connected monitoring. One seamless solution from Memmert.

Save €1,000 on a Connectivity Package for the myChamber Monitoring App when purchasing a new Memmert device. Offer valid until 31 December 2026.

www.memmert.com

*Valid for the entire Memmert product portfolio, excluding the WTB Water Bath and TESTA Environmental Test Chambers.
